

SPECIAL CONDITION' POPULAR SONGS

Most customers buy my sheet music because they wish to sing or play it but some buy because they collect them for various reasons and some frame them for home or business wall decoration. This list will satisfy all these needs i.e. the complete music is there for piano and voice but the list shows the artist who recorded it and whose photograph is on the cover. All are in very good to fine condition

Although Bygone Tunes is located in the U.K. I must say that many of the sheets were published in the U.S.A. (If two of the same titles and artists are offered and publication mentioned in both U.K. and U.S.A. then the cover's design is different.) .

Please email if more details are required and a final price quotation will be given.

Thankyou for your interest.
